First, I'm proud to report that 2023 was another successful year for Tobacco Valley Teacher's Federal Credit Union! Thanks to the support of our loyal members, dedicated volunteers, and wonderful staff, TVTFCU continues to successfully navigate an ever-evolving financial environment.

The credit union continues to research and search for new products and services to enhance the member experience. This year, members will see the roll-out of a new online banking platform. This upgrade is designed to help you through every season of your financial life cycle, while also protecting your personal information, and providing enhanced security, which is a top priority. Additionally, TVTFCU has continued to offer auto loan rate specials, special rates on Share Certificates, personal loan specials, holiday & summer pay club opportunities, electronic recycling days and many more amazing products and services that members have enjoyed for many years.

Tobacco Valley Teacher's Federal Credit Union's solid financial condition throughout 2023 is a reflection of the sound leadership from our management, the dedication and hard work from our staff, and sound oversight by the board. It has been a pleasure serving as President of the Board of Directors for this first year and I am looking forward to continued growth for our credit union and its members as we keep our motto in mind for this upcoming year, "Not for profit, but for service."

Respectfully submitted,

Abbey Kane President, Board of Directors

Tobacco Valley Teachers Federal Credit Union continues to be a safe and sound financial institution. The 2023 year closed-out with \$63,123,387 in assets. We maintained our strong capital with a net worth ratio of 8.99% and proudly served over 3500 members.

Various loan specials were offered throughout the year to assist members with their borrowing needs. Several share certificate specials were offered as well with attractive high yielding dividend rates, which many members took advantage of.

We proudly sponsored many local and national charity campaigns, recognizing the importance of "people helping people". We could not have done it without the generous donations from our members.

In the ever-changing world of technology, we continue to research and evaluate new ways to innovate and enhance our products and services to satisfy member needs, while supporting the credit union's core values and strategic goals. In 2024, we are excited to roll out enhancements to our digital services platform.

Thank you, our members, for your continued loyalty and allowing us the opportunity to assist you with your financial needs. In conclusion, I recognize and greatly appreciate the dedication and hard work of my staff; each and every one of you play an important role within our credit union. I also acknowledge the loyalty and commitment of our Board of Directors and Committee Members.

"Tobacco Valley Teachers Federal Credit Union is a member-owned financial institution committed to providing products and services to meet each member's financial needs. We pledge to deliver personalized, competitive and high-quality service."

Lori Triba Manager/CEO

Supervisory Committee Report

The credit union's Supervisory Committee is trusted by the membership to:

- independently evaluate the soundness of the credit union's operations and activities,
- · ensure that management implements sound internal controls, and
- certify that practices and procedures adhere to generally accepted accounting principles.

The committee works with management to make changes where necessary to further strengthen credit union policies and procedures and most importantly to ensure membership satisfaction.

State of CT procedures for Inactive Accounts and Unclaimed Property were reviewed this year. Funds in two accounts were sent to the State of CT due to no activity and no contact with the account owner(s). A due diligence letter was sent to one account owner due to no activity and no contact for two years.

The Supervisory Committee approved the engagement from the Credit Union League of Connecticut to perform the 2023 ACH Audit.

The annual S.A.F.E. Act (Secure and Fair Enforcement for Mortgage Licensing) was reviewed and performed. The credit union's three mortgage loan originators renewed their annual registration with NMLS (National Mortgage Licensing System). The credit union itself, also renewed its annual registration with NMLS.

Each month the Supervisory Committee reviews all accounts closed and verifies by mail the specifics of each closure. This year the Committee reviewed newly opened member accounts. The review consisted of membership eligibility, name scan in the OFAC (Office of Foreign Assets Control) database and Chex System verification. The Chex System verification can detect red flags such as; numerous recently opened new accounts at other financial institutions, account abuse at other financial institutions and money owing to other financial institutions from non-sufficient funds.

At the fiscal year-end, July 2023, Bailey Scarano Certified Accountants completed the 2023 Full Opinion Audit. The report was reviewed and the findings have been addressed by management.

Respectfully submitted,

Karen M. Jones Chairperson, Supervisory Committee
