ANNUAL REPORT co Valley Tea Roperal Credit Union

An educated choice

President's Message

I'm proud to report that again Tobacco Valley Teacher's Federal Credit Union has had another successful year! Thanks to the support of our loyal members, dedicated volunteers, and wonderful staff, TVTFCU continues to successfully navigate an ever-evolving financial environment.

The credit union continues to research and search for new products and services to enhance the member experience. This past year, members saw the roll-out of a new online banking platform. This upgrade continues to help our members through every season of their financial life cycle, while also protecting personal information, and providing enhanced security, which is always a top priority. Additionally, TVTFCU has continued to offer auto loan rate specials, special rates on share certificates, personal loan specials, holiday & summer pay club opportunities, electronic recycling days and many more amazing products and services that members have enjoyed for many years.

Tobacco Valley Teacher's Federal Credit Union's solid financial condition throughout 2024 is a reflection of the sound leadership from our management, the dedication and hard work from our staff, and sound oversight by the board. It has been a pleasure serving as President of the Board of Directors this year and I am looking forward to continued growth for our credit union and its members as we keep our motto in mind for this upcoming year, "Not for profit, but for service".

Respectfully submitted,

Abbey Kane President, Board of Directors

Manager's Message

As we reflect on the year 2024, we are filled with pride in the progress we have made together. Despite economic challenges, we continued to grow and deliver valuable financial services to our members, always focused on our mission of empowering members to achieve financial wellness and goals.

We continue to be a safe and strong financial institution and closed out the year with \$66,388,942 in assets, 3364 members and a wellcapitalized ratio of 9.22%.

We recognize the importance of community involvement and values of the credit union philosophy of "people helping people." We participated in local and national fundraising events and charity campaigns and are grateful for the generous donations from our members. Additionally, we enhanced our local community presence by providing pizza lunches and totes filled with school supplies to randomly chosen schools within our field of membership.

In the ever-changing world of technology, we continue to research and evaluate new ways to innovate and enhance our products and services to satisfy member needs, while supporting the credit union's core values and strategic goals. This past year, we rolled out enhancements to our digital products; online banking, bill pay and mobile app. In the coming year, we expect to upgrade our credit union core processing platform, to a more robust and efficient transactional processing system to better serve our members.

Thank you, our members, for your continued trust and support and for allowing us the opportunity to assist you with your financial needs. In conclusion, I recognize and appreciate the dedication and hard work of the employees; each one of you plays a vital role within our credit union. Lastly, I appreciate and admire the loyalty and commitment of our Board of Directors and Committee Members.

"Tobacco Valley Teachers Federal Credit Union is a member-owned financial institution committed to providing products and services to meet each member's financial needs. We pledge to deliver personalized, competitive and high-quality service."

Respectfully submitted,

Lori Triba Manager/CEO

Supervisory Committee Report

The Supervisory Committee is responsible for ensuring that the Board of Directors and the Management of the credit union safeguards the organization's assets, ensures the reliability and integrity of the credit union's financial and operational information, and that the credit union is compliant with applicable laws and regulations.

The Supervisory Committee members make every effort to familiarize themselves with everyday routines as well as all changes and/or modifications implemented by the credit union.

A few of the procedures and tasks reviewed this year were:

- Review of the credit union's investments to ensure the investment ladder is well structured.
- Observe several reconciliations of a Member Service Representative's (MSR) cash drawer.
- Review of the Unclaimed Property policy and annual report to the state.
- Conduct the annual S.A.F.E. Act (Secure and Fair Enforcement for Mortgage Licensing) review.
- Review a monthly Vizo Financial Corporate Credit Union statement reconcilement.

The credit union maintained the rating "CAMELS 2" from the National Credit Union Administration (NCUA), a United States government agency that oversees and insures deposits at credit unions. Examiners assign composite and component CAMELS ratings using a scale that ranges from "1" to "5." The highest rating is a "1," indicating the strongest performance and risk management practices, and the least degree of supervisory concern.

The 2023 Annual ACH Audit was performed by the Vice President of Compliance at the Credit Union League of Connecticut. Sampling dates were expanded, when possible, to accommodate entries to verify compliance with the NACHA Operating Rules and Guidelines. Based on the results of the tests and analysis performed, the credit union's overall ACH control environment is rated Strong.

The Supervisory Committee recommended engaging Bailey Scarano Certified Public Accountants for the next three years to perform its yearly audits.

Each month the Supervisory Committee reviews all closed accounts and verifies by mail the specifics of each closure.

Respectfully submitted,

Karen M. Jones Chairperson, Supervisory Committee
